Minnesota State Law 216D.04 (effective August 1, 2024)

Subdivision 1B - On-site meet.

(a) An on-site meet may be requested for any excavation at the

discretion of the excavator. The meet request must include the entire geographic area of the proposed excavation and the specific location of the meet.

(b) Unless otherwise agreed to between an excavator and operator, an on-site meet is required for:

(1) an excavation notice that involves excavation of one mile or more in length; or

(2) any combination of notices provided for adjacent geographic sections that, when

combined, meet or exceed the minimum excavation length under clause (1).

(c) The excavator must provide a precise geographic area of the proposed excavation and use markings as specified under section 216D.05, clause (2).

(d) An affected operator must

(1) attend the on-site meet at the proposed date and time, or

(2) contact the excavator before the meet and (i) reschedule the meet for a mutually

agreed date and time, or (ii) reach an agreement with the excavator that a meet is not required.

At the meet, the operator and the excavator must reach an agreement on any subsequent planned meets or further communication.

(e) The on-site meet date and time must occur at least 48 hours after the notice, excluding Saturdays, Sundays, and holidays. The excavation start time must be at least 48 hours after the proposed meet date and time specified on the notice, excluding Saturdays, Sundays, and holidays.

(f) The excavator and the operator must submit documentation of each on-site meet to the notification center, in the manner specified by the notification center. The documentation must include:

(1) the date and time of the meet;

(2) the names, company affiliations, and contact information of the attendees of each meet;

(3) a diagram, sketch, or description of the precise excavation locations, dates, and times; and

(4) the agreed schedule of any future on-site meets or communications.

HOW TO SUBMIT DOCUMENTATION OF EACH ON-SITE MEET TO GSOC

The excavator and each facility operator must submit documentation of each on-site meet to GSOC. Submit documentation to the specific ticket record in the GSOC system.
